

stone tools and the pdf

A stone tool is, in the most general sense, any tool made either partially or entirely out of stone. Although stone tool-dependent societies and cultures still exist today, most stone tools are associated with prehistoric, particularly Stone Age cultures that have become extinct.

Stone tool - Wikipedia

The Stone Age is contemporaneous with the evolution of the genus Homo, the only exception possibly being the early Stone Age, when species prior to Homo may have manufactured tools. According to the age and location of the current evidence, the cradle of the genus is the East African Rift System, especially toward the north in Ethiopia, where ...

Stone Age - Wikipedia
