(1971-1983) Specialist Periodical Reports provide systematic and critical review coverage in major areas of research. Compiled by teams of leading authorities in the relevant subject, the series creates a unique service for the active researcher with regular, in-depth accounts of progress in particular areas.

### **SPR - Terpenoids and Steroids**

The steroids and sterols in animals are biologically produced from terpenoid precursors. Sometimes terpenoids are added to proteins, e.g., to enhance their attachment to the cell membrane; this is known as isoprenylation.
